

THE GRUNIN CENTER

Highlights

- Two days of intense programming with Nobuntu, an all-female a capella group from Zimbabwe.
- OCC Foundation's Blauvelt Speaker Series: Emiliana Simone-Thomas, the Science Director at UC Berkeley's Greater Good Science Center.
- The Novins Planetarium: received a subaward on a National Oceanic and Atmospheric Administration grant to work with the NJ Department of Environmental Protection and the Barnegat Bay Partnership to create educational climate change content for Planetariums.
